For Immediate Release

CTI and HKBN Awarded the Caring Company Logo

(Hong Kong, 21 February, 2008) City Telecom (H.K.) Limited ” (“City Telecom”, HKEX 1137.HK / NASDAQ CTCL,) and its wholly-owned subsidiary, Hong Kong Broadband Network Limited (“HKBN”) are proud to announce that they were awarded Caring Company Logos from the Hong Kong Council of Social Service (“HKCSS”), acknowledging the Group’s efforts on Corporate Social Responsibility (“CSR”).

To build a caring community spirit through cultivating corporate citizenship and strategic partnership among the business, public and non-profit organizations, the HKCSS launched the “Caring Company” Scheme in 2002/03. To win this recognition, the Group has demonstrated strong commitment in the three aspects: Volunteering, Employee Friendly, and Caring for the Environment. While City Telecom is in its first year to be awarded, HKBN has been awarded Caring Company Logo for three consecutive years since 2005. This is a solid proof on our continuous commitment in CSR.

City Telecom believes that a successful corporation should not only focus on business development, but also embracing CSR. Proactively supporting and partnering our talents to maximize our social impact, CTI Volunteer Team was established in August 2007, devoted to delivering warmth and hope to those in need through various activities. Besides, we have also launched Green Program with a series of functions and policies to actively promote environment protection. Please see Appendix for more information about CTI’s CSR activities.

Annie Sin, Director-Administration, said, “CSR is not only about social activities, but to a higher level of enhancing the well-being of our employees. Bearing this in mind, we are one of the first corporations to launch incentives on work-life balance. Putting a step further, we contribute to society and care for environment through direct actions. We will not stop here, rather will continue to strive for the best and step further on CSR”.

Major Corporate Social Responsibility activities in 2007

Care for the society

CTI volunteer team has organized a wide range of charitable events to help the disadvantaged in society. For instance, they visited the elderly who lived on their own in October.

Care for the environment

One of the Green Program functions was collection of used clothes. A total of 2701lbs used items were collected and donated to the needy through Christian Action.

Care for the employee

\$3 million retail value was invested on the replacement of ergonomic chairs for all levels of colleagues to upgrade healthy working environment.
