Dear Ms May Fung

Compliments to HKBN for a better world through better technology

On behalf of CITAC (IT ADVANCEMENT CENTRE), this is a special note to compliment our Internet service provider Hong Kong Broadband Network Ltd. (HKBN) for the exceptional speed and capacity of their broadband service and their commitment to serve with advance technology.

In an evolving world that demands high speed exchange of information, where the Internet helps businesses to drive cost effectiveness, reached out to the world and makes their business through an array of Internet applications, we are among the many thriving organizations in Hong Kong that believe advance telecommunications technology could enhance operational efficiency, deliver corporate progress and success, and we are delighted to have HKBN as our service provider.

Money can buy the best service, but best valued service goes beyond monetary means. Our appreciation for HKBN rises on their commitment to serve, through their investment to self-built a brand new network in Hong Kong, through their dedication in extending service coverage, and through their speeding up of broadband speed by 10 to 50 times for corporations across industries.

In our appreciation for a service provider that is committed to the betterment of Hong Kong, we have no hesitation in recommending HKBN to any companies who share the same vision of "better world through better technology".

Best regards,

Alan Young

“Fibre Wonderland”: Network for Our Next Generation

In “Alice in Wonderland”, the 1865 novel by Lewis Carroll, Alice falls down a rabbit hole and enters a world of fantasy where amazing things happen. Today Hong Kong enjoys a Fibre Wonderland with some of the World’s most compelling broadband service offerings.

At City Telecom, we have rolled out our Fibre based network with our Next Generation in mind, to help them fulfill their dreams and full potential. The story of “Fibre Wonderland” unfolds as Zoie and Hei Lam jumps through a manhole and discovers a colorful and playful world that is filled with fun and infinite possibilities enabled by Fibre.
