**Disappointment on the Motion under
Legislative Council (Powers and Privileges) Ordinance Being Negatived**

(Hong Kong, 7 November 2013) Hong Kong Television Network Limited ("HKTV") would like to express its disappointment on the motion to invoke Legislative Council (Powers and Privileges) Ordinance to request the Government to produce relevant documents involved in the process of free TV licence approval being negatived at the Legislative Council today.

Until now, HKTV and the Hong Kong public are awaiting a truth from Government, to give an account of justifications on the change of broadcasting policy and the reasons to reject HKTV's free TV licence application. For further actions taken by HKTV, we will disclose later on, at a proper timing.
