

For Immediate Release

**HK\$100 donation to Bring Me a Book for every
YouTube Video Speed Test submission**

(25 November 2010) City Telecom (H.K.) Limited, HKEX: 1137, NASDAQ: CTEL) and wholly owned subsidiary Hong Kong Broadband Network Limited.

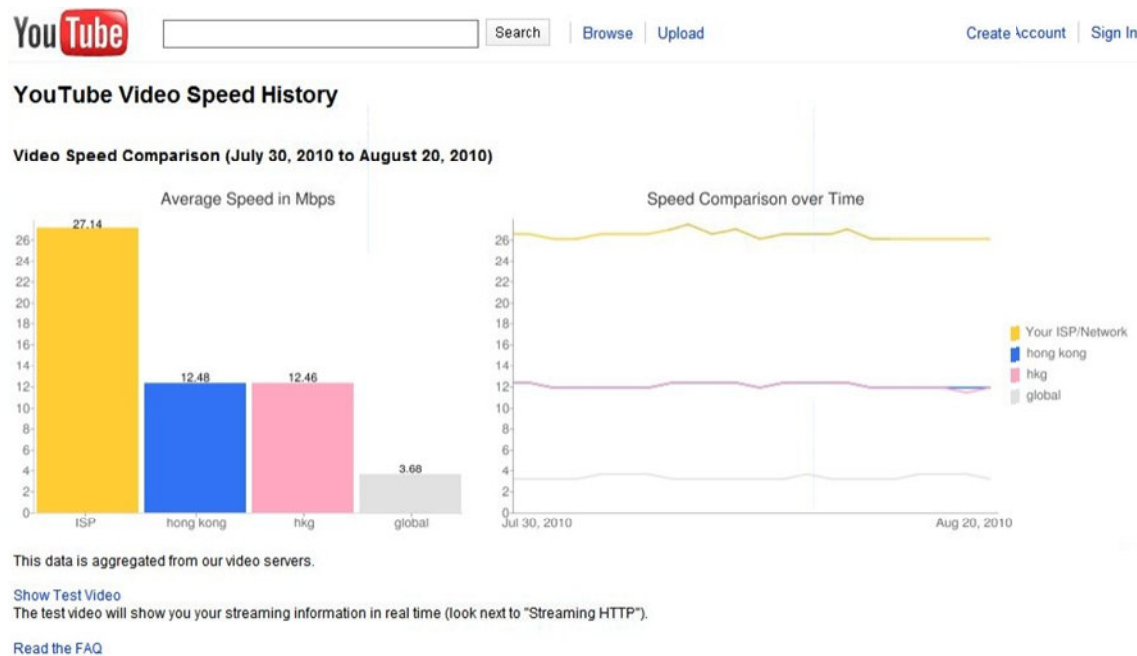

We are conducting a global survey for www.youtube.com/my_speed results. This YouTube video speed history shows the past video speeds of YouTube videos you watched from your location (your current browser at your current IP address). It also shows aggregate video speed by other users in your city, state, country, and worldwide. Video speed is an important part of your viewing experience since it determines the amount of time you need to wait before you can start watching a video. It is also an important factor in determining the quality of the video you can watch.

For every complete screenshot submitted with the user's Internet Service Provider (ISP) name, we will donate HK\$100 to Bring Me a Book Hong Kong, up to a total value of HK\$9,800 for sponsorship of a Book Case Library. The Bookcase Case Library Program places bookcases filled with quality, age-appropriate and culturally diverse children's books in Chinese and English into local under-privilege community organizations such as nurseries, kindergartens, community centres, shelters, and health clinics.

To submit a screenshot, press the "Print Screen" key and paste the image in a word document, state the name of your ISP and email to investor_engagement@ctihk.com, Peggy Chan, +852 3145 6068 with "YouTube Video Speed Test" in email title. Submissions will be accepted until 10th December 2010. Our current survey database that includes 14 samples from 8 countries, can be download at http://reg.hkbn.net/ctigroup_admin/files_upload/YouTubeVideoSpeedSurveySummary.pdf
