“Fibre Wonderland”: Network for Our Next Generation

In “Alice in Wonderland”, the 1865 novel by Lewis Carroll, Alice falls down a rabbit hole and enters a world of fantasy where amazing things happen. Today Hong Kong enjoys a Fibre Wonderland with some of the World’s most compelling broadband service offerings.

At City Telecom, we have rolled out our Fibre based network with our Next Generation in mind, to help them fulfill their dreams and full potential. The story of “Fibre Wonderland” unfolds as Zoie and Hei Lam jumps through a manhole and discovers a colorful and playful world that is filled with fun and infinite possibilities enabled by Fibre.
